DISCOVER THE FIRE IN YOUR HEART

The Fai Jai Flow Festival is a **celebration** of movement, art, and community, designed to unite flow artists, movement enthusiasts, circus performers, and travellers from Southeast Asia and beyond.

Taking place in the lush mountains of Northern Thailand, our festival offers a **unique, immersive experience** at a world-class circus training facility.

Whether you're here to perform, teach, learn, or just to hang out and play, Fai Jai is the space to **ignite** your passion for movement, explore new skills, and **connect** with a diverse, like-minded community.

WHY FAI JAI

FAI JAI, in Thai Language, directly translates to "Fire Heart." The full phrase "Fai Baan Dan Jai" means **the fire that inspires your heart**. This phrase is the inspiring direction of this festival, to create connection and inspiration and expand our diverse community. Not only is this name a way to integrate and highlight the beautiful Thai culture, this name also connects us to our roots and directly aligns with our festival mission and values.

For us, it symbolizes the soul passion that brought us into the world of performing, movement, and flow arts and **sharing that fire with others**. Through this festival, we aim to help heal the heart through movement, bringing people together to learn, create, play, and grow in a shared space of artistic freedom and community.

OUR MISSION

Fai Jai Festival's mission is to create a life-changing experience that **unites** movement artists and enthusiasts through creativity, learning, and community.

Our goal is to inspire personal transformation and **connection** by offering a supportive space for growth, skill-building, and **artistic expression**. We aim to foster lasting bonds and spark the inner passion of every participant, making Fai Jai a festival that leaves a deep and **lasting** impact on all who attend.

SOUTHEAST ASIA INITIATIVE

As part of our commitment to our core values, we are **dedicated** to making our event accessible, inclusive and with acknowledgment of the land and the communities we exist in and share space with.

We know there is so much incredible talent across the South East Asian communities, and also that the associated costs for attending this type of event can be **prohibitive** for some.

Fai Jai Flow Festival has reserved 1/3rd of our tickets to be priced for Southeast Asian attendees at a discounted rate according to the country's GDP. The tickets that are available to folks from outside of Southeast Asia are sold with the option to donate to the cost of a ticket for a person from an ASEAN country to attend at a reduced price.

Fai Jai Flow Festival has also been working hard to collect sponsorships from near and far. Sponsorship allows us to offer **reduced price tickets** to the local Thai community and to members of lower GDP ASEAN countries and ensure that our amazing events in world class facilities are **not only for the few**. It also allows us to invite more fantastic artists from across SEA to perform in our Gala Shows and teach workshops, sharing their invaluable knowledge, expertise and unique styles of Performance Arts.

CORE VALUES

INCLUSIVITY

Ensuring that everyone feels welcome and has an equal access to opportunity. Considers equity to uplift and offer support.

COLLABORATION

Encouraging teamwork and collaborative effort. Working together to achieve a common goal.

GROWTH & LEARNING

Valuing improvement & effort, supporting personal and collective development.

SERVICE

Encouraging each other to contribute to the greater good through volunteering, mentorship, or supporting others in need.

SAFETY

Prioritizing both physical and emotional security, ensuring a safe environment where individuals are protected from harm.

THE VENUE:

Dreamscape is a unique artistic hub and circus training center that offers a diverse range of experiences including events, workshops, intensives, retreats, concerts, and circus shows. With weekly offerings throughout some of the year- except during the smokey season- Dreamscape caters to a variety of interests.

The venue features three primary spaces: the Dome, the Shala, and the Amphitheatre. The Dome boasts thousands of programmable LED lights, acrobatic equipment, and large dance studio mirrors. The Shala provides stunning sunset views, a delightful vegan café, and multiple aerial rigging points. The Amphitheatre, with seating for 300 people, hosts performances and accommodates larger crowds for ecstatic dance events

THE DOME

THE SHALA

THE AMPHITHEATRE

HIGHLIGHTS

Workshops:

Participate in workshops led by world-class teachers. Explore disciplines like flow arts (hoop, poi, buugeng, dragon staff, contact staff, etc), acrobatics, yoga, flexibility, dance, and other healing arts.

World-Class Gala Shows:

Witness breathtaking performances by professional flow artists and circus performers from around the world. Each night offers a different experience, with the opening ceremony on February 3rd, the Non-Fire Gala on February 4th and the Fire Gala on February 5th.

Final Night Fire Jam & Party:

On the final night, we will host an all-night fire jam and party where performers and participants can share their skills in a supportive and dynamic environment.
